# **Sherif Emad**

# Front-End Developer

#### **PROFILE**

I am a front-end developer with proven experience in building modern, responsive, and high-performance web applications. With a strong foundation in HTML, CSS, JavaScript, Tailwind CSS, and React.js, I have successfully delivered projects such as SEF Academy, an e-commerce website, and the Gazini website. I specialize in crafting clean, scalable code and intuitive user interfaces that enhance both usability and visual appeal. Passionate about continuous learning and innovation, I thrive on transforming ideas into impactful digital experiences that align with business goals.

#### **EDUCATION**

# Bachelor's Degree - Faculty of Agriculture

09/2022 - present

Menoufia University

#### **WORK EXPERIENCE & INTERNSHIPS**

Web Master 07/2025 - 08/2025

Front-End Web Developer

- Converted a project from Pure CSS to Tailwind CSS to improve scalability and development speed.
- Evaluated user interfaces and suggested improvements to enhance user experience.
- Learned best practices for UI/UX design and usability.
- Worked on case studies to analyze and improve real websites.
- Collaborated on an **E-commerce project** with team members using **Git** for version control.

**SEF Academy** 08/2024 - 10/2024

Team Leader

- I led a team responsible for delivering an entire project (which was the academy website).
- I conducted a comprehensive analysis of the project and organized team meetings to assign tasks and set timelines.
- I monitored daily progress, made sure tasks were on track, and provided support by resolving any obstacles through one-on-one meetings.
- I combined individual contributions from team members to put together the final project
- I evaluated the team's performance and provided constructive feedback to enhance future collaboration.

#### **COURSES**

#### Front-End Web Development with React

08/2024 - 09/2024

Information Technology Institute (ITI)

Is this course about learning HTML, HTML5, CSS, CSS3, Bootstrap, JavaScript, ES6, and React and doing a graduation project at the end of the course

### Front-end web development Diploma

08/2023 - 01/2024

**SEF** Academy

Is this course about learning HTML, HTML5, CSS, CSS3, Bootstrap, JavaScript, ES6, and React IS

## Programming with JavaScript

10/2023 - 11/2023

Coursera (Meta)

In this course, you will learn the basics of JavaScript and advanced JavaScript.

Mahara Tech •

In this course, you will learn the basics of the React language and advanced React.

HTML & CSS 11/2024 - 11/2024

Manara tech

In this course, I learn besic HTML, semantic elements in HTML and basics CSS, flexbox and grid

#### **CERTIFICATES**

Frontend Internship Front-end web development React JS

Information Technology **Diploma.** Mahara Tech • 2024

Institute (ITI) • 2024 SEF Academy • 2024

Introduction to Front-End

Programming with JavaScript CSS & HTML Development

Coursera (Meta) • 2023 Mahara Tech • 2023 Coursera (Meta) • 2023

**Media Buying** 

Creativa Hub Menofia

## **SKILLS**

HTML HTML5

CSS CSS3

Bootstrap JavaScript
Tailwind CSS React Js

SCSS

# **PROJECTS**

#### Gazini - Therapeutic Nutrition Website 🔗

07/2025 - 08/2025

React Js, Typescript, Tailwind CSS

A therapeutic nutrition platform powered by AI with three main features:

- **Diet Plan Generator:** Calculates BMI and BMR, then creates a personalized diet plan based on daily calorie needs and income level.
- **Symptom-Based Diagnosis:** Provides an approximate diagnosis by analyzing user-reported symptoms using AI.
- Medical Test Interpretation: Allows users to upload medical reports (images or files) or enter results manually for AI-powered analysis and interpretation.

# Cura Nutrition Clinic &

05/2025 - 05/2025

React Js, Typescript, Tailwind CSS

Built a responsive bilingual (Arabic/English) website for Nurinest Clinic with dark/light mode, clinic info, services, BMI/BMR calculators, and a smart appointment form that sends data directly to WhatsApp. Focused on user experience, accessibility, and real-time communication.

**Lume Dental Clinic** *⊗* 05/2025 − 05/2025

React Js, Typescript, Tailwind CSS

Lume was designed to solve one of the biggest challenges in dental centers — long waiting times and complicated booking processes. With Dento, patients can book their consultation appointments effortlessly, right from their phone or computer, and enjoy a more organized and efficient visit.

SEF Academy *⊗* 09/2024 − 09/2024

React Js, JavaScript, CSS, Firebase

SEF Academy is an academic website offering a wide range of programming courses and publishing articles in various fields. The platform consists of multiple pages, some accessible to all visitors without registration, while others are tailored based on user roles—admin, student, or lecturer. Access to certain content is restricted and dynamically displayed depending on the user's role and login status

# Freshy - Restaurant Website 🔗

React Js, JavaScript, Tailwind CSS

Responsive restaurant website using React.js, featuring a dynamic menu and a unique ordering system that allows restaurant owners to receive customer orders directly via email. The menu functionality was designed with an innovative approach, offering a user experience not commonly found on other websites

04/2024 - 05/2024

06/2024 - 07/2024

## Gemini Chat - Ai Chat 🔗

React Js, JavaScript, CSS, Gemini API

Website similar to Gemini AI, enabling users to input questions and receive accurate answers by integrating the original website's API. The project focused on delivering a seamless user experience through efficient API interaction and dynamic response handling, showcasing my ability to build functional, responsive web applications.
